

INFORMATION FOR PATIENTS/PARENTS/GUARDIANS/CARERS

Paediatric scan requiring a full bladder

Preparation for your child's scan

This scan needs the patient to have a **full bladder**. The preparation suggested is as follows:

- **Under 2 years** - give a drink/feed (depending on age), 30 minutes before scan.
- **2-5 years** - 250 mls (1 glass), 30 minutes before scan.
- **6-11 years** - 500 mls (2 glasses), 60 minutes before scan.
- **12 years and over** - 750 mls (3 glasses), 60 minutes before scan.

If the patient has bladder control, they should try not to empty their bladder for 30-60 minutes before the scan. If the patient has any condition that requires fluid restriction, please discuss with relevant clinical consultant/team that is managing this.

Contact details

If you need any advice before your appointment date, please contact the Radiology department on 01623 672202 between 9am and 5pm.

Your radiology records

This Trust is part of a group of NHS hospitals in the East Midlands that have a shared NHS radiology system, which is used by our healthcare professionals to access your radiology records.

If necessary, your radiology records may also be accessed by healthcare professionals in other NHS hospitals in the East Midlands or NHS Service Providers, to ensure you receive consistent, safe and effective clinical care and treatment, irrespective of where you receive your care.

If you have any concerns about providing information or how we use it, please discuss this with radiology staff so that you fully understand the potential impact on your care or treatment.
