<b>Executive Summary</b>				
<b>Integrated Care System (ICS)</b>				
<p>The ICS is at the stage of having a draft strategy that organisations can expect to receive and comment upon. This is a key milestone for the development of the new architecture. The trust strategy will therefore be aligned to this and the health and wellbeing strategy when it comes to objective setting and priorities.</p>				
<b>Provider collaborative at Scale</b>				
<p>With the permanent managing director in post, we have agreed to bid for an opportunity to become a provider collaborative innovator site. Work is underway on the development of the bid.</p>				
<b>Place Based Partnership</b>				
<p>The Mid Nottinghamshire place executive team met this week and agreed a set of principles which have been based on individual conversations with each constituent organisation. The recommendations were based on governance, leadership and priorities. There was over riding support for the recommendations and a smaller working group will put together a plan for implementing them during quarter 4. In readiness for a 1<sup>st</sup> April re-launch. As part of this a workshop will be held in January to agree the priority areas of focus for the partnership.</p>
