Executive Summary

The enclosed presentation summarises the current NHSE planning guidance for 2023-24.

Some key technical guidance relating to recovery planning for urgent and emergency care, elective recovery and the maternity delivery plan is outstanding and will be published shortly.

The Nottingham and Nottinghamshire Integrated Care System (ICS) is required to submit draft plans by Thursday 23rd February and final plans by Thursday 30th March and SFH has a process in place to feed the SFH activity & performance, workforce and financial information into the ICS plan submission.
