9. Maternity 9.2.1 – Create a new Family Health Division to incorporate Obstetrics, Gynaecology and Paediatrics with a new Clinical Director and Clinical Governance Lead (Dr Colin Dunkley, Paediatrics) to focus on development of robust staffing, training, escalation and governance processes.	Green Completed 31/12/2015	Blue	
Detail:			
<p>The Care Quality Commission in June 2015 stated that the Trust should consider creating five divisions, including the development of a Women & Children’s Division. The triumvirate was created with an interim Divisional General Manager, a substantive Clinical Director and Head of Midwifery. The division has appointed to the Clinical Governance Lead.</p> <p>The division has been in place since January 2016.</p>
