<b>Matters of Concern or Key Risks to Escalate</b>	<b>Major Actions Commissioned / Work Underway</b>
An update on Industrial Action was provided with assurance on actions taken and planned.	Further assurance on the benefits and changes in terms of impact, harm and inequalities implications of the new cancer waiting times. Progress on the development of the Continuous Quality Improvement Strategy with further reports to Committee.
<b>Positive Assurances to Provide</b>	<b>Decisions Made (include BAF review outcomes)</b>
Positive assurance was provided: For Cancer Waiting Time Standards. Compliance with updated standards compared to the old standards. From Patient Safety Committee, which included focus on incident referrals, learning and improvements. From Nursing Midwifery and AHP Committee. For Timely Care and integrated performance plan and the key metrics. Regarding ownership by this Committee on assurance for Clinical Audits	The review of the BAF, resulted after much discussion, assurance and triangulation from the reports presented to Committee with a decision on increasing the risk rating to a score of 20 and Significant. This was for both PR1 and PR2.
<b>Comments on Effectiveness of the Meeting</b>	
A good discussion to enable effective challenge, assurance and triangulation of subjects covered.
