

Action	Current BRAG Rating	Recommended BRAG Rating
5.6.13 - Ensure wards have appropriate access to working kitchen facilities	Completed	Subject to CQC confirmation

Detail:

It is standard practice across the majority of wards at the Trust that two wards share a kitchen facility. Where wards remain in the retained estate and are not newly built, they continue to run with individual kitchens i.e. Emergency Assessment Unit at KMH and Newark wards.

Medirest maintains the kitchen facilities across the Trust. Where the kitchen facilities broke down, prompt actions have been taken to repair these

Evidence:

	[embed files]
Maintenance log	 5.6.13 - Maintenance log.xlsx
Email from Skanska – kitchen arrangements	 5.6.13 - Email Kitchen information.r

On - going monitoring arrangements:

Medirest will continuously maintain the kitchen facilities across the Trust

Executive Director Responsible:	Andrew Hayward	Responsible Assurance Committee:	Quality Committee
