We are your Clinical Research team funded by the NIHR based at Kings Mill hospital. we play a vital role in finding new treatments and improving patient care. As a research delivery team of nurses, midwives, ODP's, health care assistants and admin staff we act as a patient advocate, offering support and ensuring patient safety and protection during the research study, whilst producing high quality, robust data.

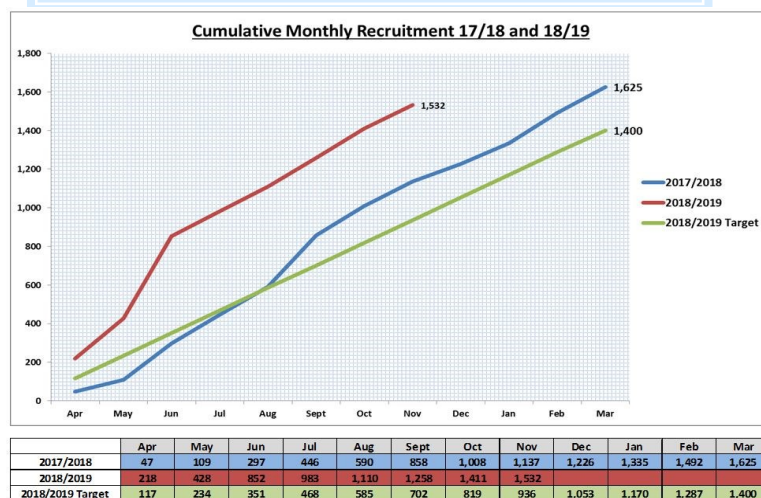

CELEBRATING RESEARCH DAY

13TH DECEMBER 2018

RESEARCH PERFORMANCE

SFH Research Academy

New to SFH - 'The Research Academy' a new and exciting opportunity for new band 5 nurses entering the trust.

The research academy is fully endorsed and supported by Richard Mitchell and Suzanne Banks.

It offers newly appointed band 5 nurses to Wards 23, 11/AU, 21, 31, 43 & 36 permanent contracts with 1 day per

week* dedicated to research. Working in the research department will provide specialist training in GCP, consent, the research processes, whilst gaining dedicated research experience. This will help to ensure that research is well and truly embedded within the trust.

* For the first year of contract

A SPECIAL
CRN AWARD

NICE FIT

THE NICE FIT STUDY HAS BEEN UNDERTAKEN AT THE TRUST WITH AN AIM TO EVALUATE IF A STOOL SAMPLE IS AS EFFECTIVE AS A COLONOSCOPY, THE CURRENT FIRST LINE INVESTIGATION. THE UPTAKE OF THE STUDY WAS WELL RECEIVED BY PATIENTS, WITH SFH RECRUITING ABOVE AND BEYOND OUR EXPECTATIONS. THE FIT TEST IS NOW BEING ROLLED OUT AS

A PILOT IN THE EARLY YEAR BY GP PRACTICES, WHILST DATA IS COLLATED TO EVALUATE SAFETY & EFFICACY. THIS HAS ALREADY BEEN CONDUCTED IN SCOTLAND & WALES, RESULTING IN THE TEST BECOMING STANDARD CARE.
