The Council of Governors have previously requested a report detailing the number of commitments undertaken by individual governors and the attendance at committees; Meet Your Governor events etc.

Attached is a spreadsheet of attendance for consideration.

It should be noted by Council members that governor resignations during the year have highlighted the commitments of governors over and above attendance at Council meetings as excessive and this has caused them to resign. Therefore it was agreed the information to potential governors during this round of election highlights these requirements and also considers feedback regarding the timing and location of meetings and events.
