Executive Summary				
<p>The People, OD and Culture Committee took place on 27th January 2020. The committee was chaired by Manjeet Gill Non-Executive.</p> <p>There were a number of items on the agenda for assurance, discussion and approval. Below are the main highlights:</p> <p>The Committee recognised the progress that had taken place in a number of areas including; recruitment, the flu job up take and the launch of the Trust's Health Hero Programme. This programme has been designed to empower staff in the organisation, to sign post colleagues for support with various health and wellbeing subjects. An update was provided on the Interim People Plan, it was confirmed the full People Plan will be launched later this year. It was identified there will be key aspects of the plan to take forward including; a Core Offer to staff, a Leadership Compact and the development/utilisation of alternative roles.</p>				

The Committees **Terms of Reference** were updated to include a revised membership, these were agreed by the committee.

The **Board Assurance Framework** was discussed and a number of proposed minor changes were agreed. It was also agreed that current risk of 16 was still appropriate. Further discussions on ICP and ICS effectiveness took place and it was agreed that the Director of Culture and Improvement and Director of People would review this as part of the Trust's BAF refresh which is currently taking place.

An update on the **Maximising Our Potential Strategy** was presented to the group. The committee recognised there has been a significant amount of work completed to deliver this plan. A discussion took place regarding the 2020/2021 strategy and it was suggested associated action plans should be more focused, reduced in number with more ambitious targets. It was highlighted that many of the successful actions achieved in 2019/2020 should become business as usual, but will continue to be monitored. The full NHS People Plan will also provide a framework for the workforce vision of the Trust and next iteration of the Maximising our Potential Strategy in 2020/2021.

Quarterly reports regarding aspects of **Culture and Leadership** and **Training and Development** including apprenticeships were presented providing assurance in aspects that underpin the Trusts Workforce Strategy "Maximising our Potential".

The committee was provided with an assurance items regarding aspects of **Workforce, OD and ICS/ICP developments** demonstrating of how SFH's Maximising our Potential Workforce Strategy is aligned to the ICS People and Culture Strategy.

A quarterly report regarding **Equality, Diversity and Inclusion** was presented providing assurance in aspect of this agenda. The committee recognised the work undertaken to support this agenda, but recognised this was an agenda which required additional focus and would be an integral aspect of the workforce vision of the Trust in 2020/2021.

The **Medical Education Assurance Report** was presented, providing an overview of the showcasing the on-going work to being undertaken to support Doctors in Training and Medical Students. The Committee noted the work that has on-going to support this workforce within the Trust.

The quarterly **Raising Concerns Assurance Report** was provided identifying key points around the agenda in recent months. A revised Freedom to Speak Up Self Review Tool has been completed and the Trust has taken positive steps in developing our culture in a way which encourages others to speak up. Areas which require improvement are the development of a FTSU strategy, evidencing what individual executives responsibilities are as part of their appraisal. A revised Speaking Up Policy in line with National Guardians Office guidance has been developed and implemented. In quarter 2 there have been 29 concerns raised which is the highest numbers received, therefore supporting the effectiveness of the Freedom to Speak Up Guardian role within the Trust.

A Deep Dive into Sickness Absence was presented to the committee. It highlighted the Trust benchmarked positively with Trust of a similar size and also regionally. The top reason for sickness absence in the Trust is Anxiety/Stress/depression and other psychiatric illnesses. The deep dive revealed the majority of these absences were due to personal reasons. The Trust has developed a number of mechanisms to support staff who are experiencing Anxiety/Stress/depression including an Employee Assistance Provision, training for Managers regarding mental health and a new Staff Counselling offer.

The second most popular reason for sickness are MSK issues which have also been highlighted as an area of concern in the feedback from the 2019 staff survey. It is recognised the Trust has an aging workforce, where by individual may have worked in physically demanding roles for a significant number of years. The Trust has developed an MSK offering via Occupational Health which has evidenced a positive impact.

An **Employee Relations** assurance report was presented to the committee to provide oversight of the current employee relations cases within the Trust and actions being taken in accordance with Trust Policy.

An update was provided to the committee regarding **Pensions and Taxation**, this provided information about the Annual Tax Allowance Policy 2019/2020 and the committee were provided with the draft letter and frequently ask questions in relation to this policy.
