Discharge Lounge

Information for patients

Welcome to the Discharge Lounge

During your time here, you will be cared for by qualified nurses, the discharge lounge does not have substantive therapy staff. Healthcare support workers, are here to make you feel comfortable and cared for while you await your discharge plan.

Staff in the lounge work closely with ward staff, care providers, therapy staff, pharmacy and transport to enable you to have a safe, speedy and smooth discharge.

There can be occasions where you may have to wait a little longer for medications or transport, but staff will keep you regularly updated. Staff are happy to answer any questions you may have.

Facilities

The lounge has bed capacity and chair spaces.

While in the lounge you will be offered a choice of hot and cold drinks.

At meal times you will be offered a choice of a hot or cold meal in addition to your hot or cold drinks. Special dietary requirements can be catered for where required.

Toilet facilities are available and assistance is on hand when required.

Any medications you need to take will still be given to you while you are in the lounge.

If you become unwell at any point your ward doctor will be contacted and asked to review you. The lounge has facilities to cope with medical emergencies.

Helping us

By using the lounge, your ward bed can be given to another patient who urgently requires an inpatient admission.

Transferring patients (who are well enough to go home) to the lounge helps us to reduce waiting times and improves the speed and quality of care we are able to deliver.

Opening times and location

The lounge is located on level 2, Entrance 4. Please use the Morrisons entrance to the hospital – you will find entrance 4 on the left hand side after the mini roundabout. The lounge has a pick up and drop off point outside of Entrance 4.

Contact us

If you have any queries, please ask to speak to the lounge's department leader, or call 01623 622515 extension 6900.
