| 1. What is the average cost per day of an occupied ward bed at King's Mill Hospital, for the most recent financial year for which this data is held please indicate the year data provided for? I appreciate this figure may vary by ward type, and any breakdown you are able to provide would be helpful, though a trust-wide average would be equally welcome. | £680              | No                     | N/A       | N/A               |

| 2. For the most recent three-month period for which data is held please specify the period the data has been provided for, what was the total expenditure attributed to patients who remained in an inpatient bed despite no longer meeting the criteria to reside — that is, patients who were medically fit for discharge but continued to occupy a bed? If a total expenditure figure is not recorded, I would be grateful for the total number of bed days in that period attributed to such patients, which would allow me to calculate an estimate using the figure provided in response to question one. | <u>Total Patients (Unique Spell)</u>                                |      |       |       | No | N/A | N/A |                |

I trust this information answers your request. Should you have any further enquiries or queries about this response please do not hesitate to contact me. However, if you are unhappy with the way in which your request has been handled, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to: Sally Brook Shanahan, Director of Corporate Affairs, King's Mill Hospital, Mansfield Road, Sutton in Ashfield, Nottinghamshire, NG17 4JL or email [sally.brookshanahan@nhs.net](mailto:sally.brookshanahan@nhs.net).

If you are dissatisfied with the outcome of the internal review, you can apply to the Information Commissioner's Office, who will consider whether we have complied with our obligations under the Act and can require us to remedy any problems.
