

Quick Reference Guide

ED Referrals on the UEC Dashboard

The ED Referral column is currently only used for documentation. Referral process from current practice is still to be followed.

1

Locate patient from the UEC Dashboard list.

2

Double-click on **Referral** cell corresponding to the relevant patient.
Select **ED referrals from the options**.

3

Choose from the **Task category**. Fill in the fields.

4

Select the **Add** button once done.
