RE: Freedom of Information Request

28th June 2024

Dear Sir/Madam

With reference to your request for information received on 15th February 2024, I can confirm in accordance with Section 1 (1) of the Freedom of Information Act 2000 that we do hold the information you have requested. A response to each part of your request is provided below.

In your request you asked:

- 1. The number of patients sent to an alternative provider because they exceeded the weight limit for MRI scans, CT scans or weighing scales within your hospital(s) in 2023.**
This information is not recorded.
- 2. The number of patients sent to an alternative provider because they exceeded the weight limit for MRI scans, CT scans or weighing scales within your hospital(s) in 2022.**
Information not held.
- 3. The names of the alternative providers used by your hospital(s) for CT scans, MRI scans and weighing scales for patients who exceed the weight limit for equipment within your hospital(s).**
This would be arranged by the referrer.
- 4. How many patients have been sent to each alternative provider in the last two years because they exceed the weight limit for MRI scans, CT scans or weighing scales.**
N/A
- 5. Why doesn't the hospital have facilities to weigh these patients?**
Under the terms of the Act, we do not need to provide an answer as this would mean creating new information and giving an opinion. This information is not held.

Home, Community, Hospital.

Taken from the ICO - The Act does not cover information that is in someone's head. If a member of the public asks for information, you only have to provide information you already have in recorded form. You do not have to create new information or find the answer to a question from staff who may happen to know it.

6. How much does referral of patients who exceed the weight limit for equipment at your hospital(s) to alternative providers cost your hospital(s) per annum for the previous two financial years?

As we have bariatric scales we would not need to refer patients outside the Trust.

7. How many requests for CT scans, MRI scans and weighing of patients have been declined by your hospital(s) in the last two years because patients have exceeded the weight limits for equipment.

Information not recorded.

I trust this information answers your request. Should you have any further enquiries or queries about this response please do not hesitate to contact me. However, if you are unhappy with the way in which your request has been handled, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to: Sally Brook Shanahan, Director of Corporate Affairs, King's Mill Hospital, Mansfield Road, Sutton in Ashfield, Nottinghamshire, NG17 4JL or email sally.brookshanahan@nhs.net.

If you are dissatisfied with the outcome of the internal review, you can apply to the Information Commissioner's Office, who will consider whether we have complied with our obligations under the Act and can require us to remedy any problems. Generally, the Information Commissioner's Office cannot decide unless you have exhausted the internal review procedure. You can find out more about how to do this, and about the Act in general, on the Information Commissioner's Office website at: <https://ico.org.uk/your-data-matters/official-information/>.

Complaints to the Information Commissioner's Office should be sent to FOI/EIR Complaints Resolution, Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Telephone 0303 1231113, email casework@ico.org.uk.
