Admission Form
Created: Laura Fuller - ED Supervisor, 12-Sep-2025 12:15
Completed
ED Specialty Review
Created: Laura Fuller - ED Supervisor, 12-Sep-2025 12:15
Completed

Press the **+** to the left of the ED Notes. This will expand the case notes and show you **all entries**. Including the ED Triage and Clerking.

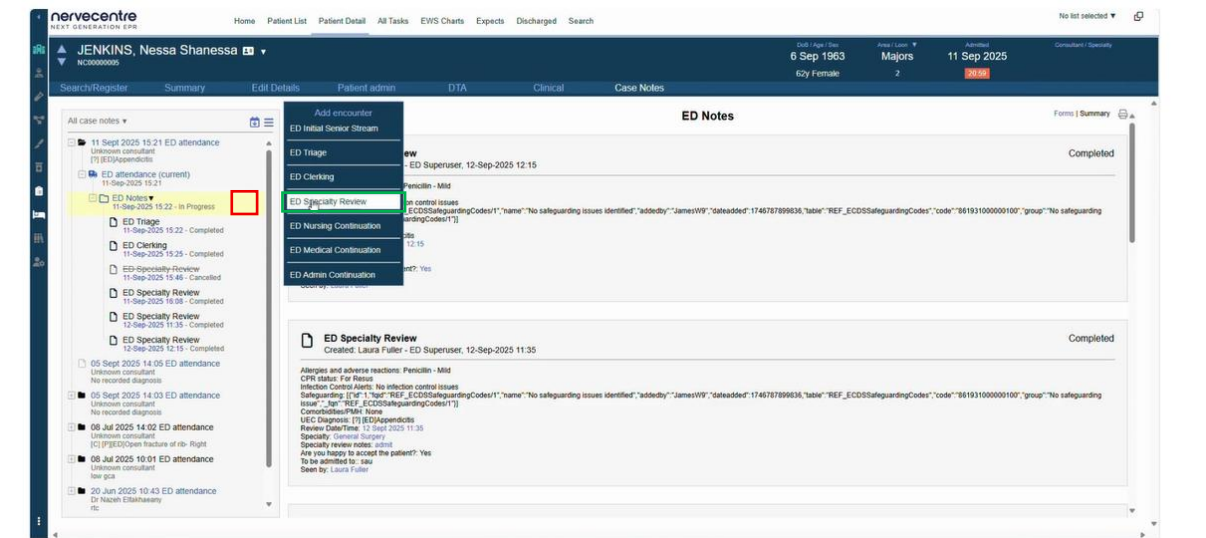

The screenshot shows the 'Case Notes' page with the 'ED Notes' section expanded. A dropdown menu is open, showing options:

- ED Initial Senior Streamer
- ED Triage
- ED Clerking
- ED Specialty Review
- ED Nursing Continuation
- ED Medical Continuation
- ED Admin Continuation

The 'ED Specialty Review' section is visible, showing details for the review completed on 12-Sep-2025 12:15.

Nervecentre Speciality Review in ED Quick Reference Guide

Click the **+** to the right of ED Notes and then select **ED speciality review**.

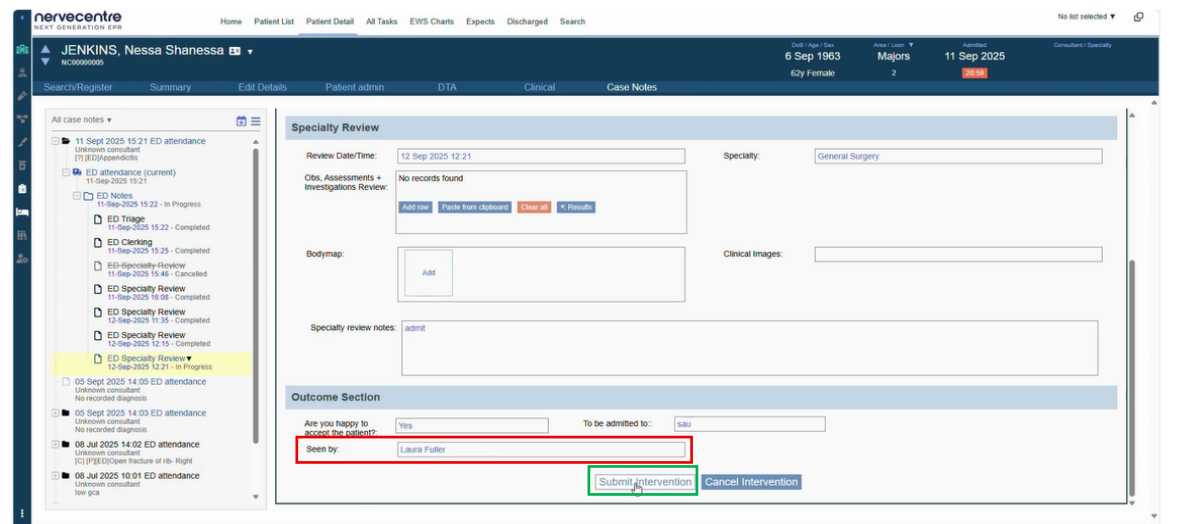

Your ED

Speciality Review form is now open. Fill out the appropriate sections and relevant patient information. Areas with a red circle are mandatory.

If the decision is made to admit a patient, the process remains as is now. No change to this process.

For example, if the patient is admitted to EAU you would complete the EAU admission continuation form.

Once complete fill out your outcome section. This is **signing** and submitting the information which completes the form. Select **submit intervention**.
